

**Wissard Science Reports
2013-14 Field Season**

Prepared by on-ice WISSARD-lite PI (Dr. Slawek Tulaczyk, UCSC, C-521/525)

Field Location: Subglacial Lake Whillans area

Field Personnel:

Slawek Tulaczyk, Matt Siegfried, Carolyn Branecky, Grace Barcheck, Neil Foley, Doug Bloomquist

-- December 31, 2013 --

Having completed all the tasks in the SLW area, the team is packing cargo on sleds for departure from the CReSIS camp on January 1st, 2014, to our independent camp location (Whillans Initiation Point 1 = WHIP1 84.5136 degrees S, 157.1989 degrees W) situated near the planned drill site 1AB.

The WISSARD-lite Science Team would like to acknowledge friendly support received from the entire CReSIS camp staff during our first several days in the field: Kaija Webster, Dean Einerson, Rich Gunderson, Kim Layton, Stephanie Olcott, and Sarah Sturges).
