- (i) Grace Barcheck, Doug Bloomquist, and Slawek Tulaczyk processed and reviewed collected surface seismic data as part of drill site selection. Both networks deployed last year in the prospective drill areas (Site 1AB and Site 2AB) contained interesting seismic signals, particularly during ice stream slip events.
- (ii) Carolyn Branecky, Neil Foley and Matt Siegfried prepared skidoos and sleds for the longest skidoo traverse of this season planned for the next day.
